DIRECTIONS

By Car To Foxhall

From the M25 leave at the A12 East Anglia/Colchester junction. Stay on the A12 past Chelmsford and Colchester until you reach Ipswich. At the inter-change take the A14 Felixstowe turn off. Carry on the A14 towards Felixstowe until you reach the A12 Lowestoft turn off. At the first roundabout take this exit and bear left onto the A12. At the first

roundabout turn left – signposted Foxhall. This is the Foxhall Road. Continue on this road, which is a quite narrow country road, for approximately two miles. Nuffield Hospital Ipswich appears before a sharp bend, on the left hand side. The entrance to the hospital, which is at the bottom of a steep hill, approaches quickly and care should be exercised. If arriving by train a taxi will cost about £6.
